

# NGS SUPER INVESTMENT PERFORMANCE SUMMARY TO 31 MAY 2021 INCOME ACCOUNT

Returns on income account (pension) investments are tax free. Income account investment returns will exceed equivalent (taxed) super investment returns in periods when investment earnings are positive. In periods when investment earnings are negative, super returns will exceed equivalent income account returns. A negative return (loss) means that less tax is payable on taxed super investments than has already been accrued, so there is a tax adjustment that can be credited back to accumulation members. There is no equivalent adjustment for income account members because income account returns are tax free.

We recommend that you seek financial advice before making any changes to your investment strategy. In particular we recommend that you seek independent financial advice before making any short-term changes to your long-term investment strategy. Investment returns are not guaranteed as all investments carry some risk. Past performance is not a reliable indicator of future performance.
