

Accumulation account

INVESTMENT SWITCHING

This form is for use by members with an NGS Accumulation account.

You can change how your super is invested in NGS Super at any time. Simply choose any combination of the investment options available to you as shown in the **Product Disclosure Statement** and **Investment guide** available at ngssuper.com.au/PDS

We will not be able to action your instructions if this form is incomplete or you provide incorrect information. We will tell you if this is the case.

Important information

Movements in unit prices for NGS Super investment options will not necessarily reflect movements in a comparable Australian or international index. Any decision to switch investment options should not be based solely on the assumption that an NGS Super unit price will be subject to the same movement as an index.

Save time, apply online

Applying to vary your investment options via the **Member Online** portal is quick and easy. Simply login via ngssuper.com.au/MOL and make your selections through the investment tab.

Step 2. Choose your investment options

You can make an investment switch for your current account balance and/or future contributions without any cost. For more detailed information about each investment option, go to ngssuper.com.au/performance

(Select one option)

I elect to change my investment options¹ as detailed below. My change is to apply to:

My current super account balance only. Please complete the **Current balance** column below. If this request is received by 4pm (AEST/AEDT) on a business day, investment switch values will be based on the unit price declared for that day. If received after, the next business day's unit price will apply.

My future contributions and future transfers only. Please complete the **Future contributions** column below. Please be aware, when selecting this option, your current account balance will remain invested in your current investment option/s. If received by 4pm (AEST/AEDT) on a business day, the change will be effective from that day. If received after, the change will apply from the next business day.

My current super account balance and my future contributions and future transfers. Please complete both the **Current balance** and **Future contributions** columns below. You can have different percentage allocations for your current balance and future contributions, as long as each column totals 100%.

If you do not nominate any of the above options, your investment switch will apply to the relevant column(s) completed — **Current balance** and/or **Future contributions**.

You can choose one or more investment options in any percentage. Please ensure that the total adds to 100% otherwise this form will not be processed and your investment allocations will remain unchanged. Alternatively, you can make changes online through your secure **Member Online** account at ngssuper.com.au/MOL
