Our members are at the heart of everything we do, and we're run only to benefit members.

support, advice and education to help members navigate life's changes – whether they're starting out, building wealth, or planning retirement.

An NGS Accumulation account is designed to grow with you. You can choose how your super is invested. If you don't make a selection when you join, your money will be placed in the Diversified (MySuper) option. You can change your investment option at any time.

The MySuper Product Dashboard can be viewed at ngssuper.com.au/dashboard

You can find information about executive and trustee director remuneration in the Fund Financial Statements in the Governance section at ngssuper.com.au/disclosure

2. How super works

Super is a tax-effective way to save for your retirement, with tax savings provided by the government, and is in part compulsory. Your employer is required to pay a portion of your income (called the Superannuation Guarantee) into a super account to save for your retirement.

You generally have the right to choose which super fund your employer pays your Superannuation Guarantee contributions into. You'll be able to take this account with you whenever you move to a new employer.

From 1 July 2026, your employer is generally required to pay your super each time you are paid.

Super includes:

- compulsory Superannuation Guarantee (SG) contributions calculated as 12%

of Qualifying Earnings (which generally includes salary and wages, allowances and certain loadings, and some bonuses or incentive payments).

- any additional voluntary contributions.

Additional voluntary contributions into your NGS Accumulation account can include:

- additional before-tax (salary sacrifice) contributions or tax-deductible contributions
- additional after-tax contributions
- spouse contributions
- a government co-contribution if you're eligible.

Super law places limits on the amount you can contribute to super before penalties such as additional tax are payable, and when you can withdraw your super money.

Your super journey

Whether you're growing your balance, transitioning to retirement, or accessing an income when you've fully retired – we're here when it matters most.

Protecting Your Super

If your account is an inactive low-balance account under super law – for example it has a balance of less than \$6,000 and has received no amount for 16 months – we may be required to transfer it to the Australian Taxation Office (ATO). Where possible, the ATO will transfer your account balance to your active super fund.

You can opt in to keep your inactive low balance in your NGS Accumulation account by making a contribution or rollover or by completing the **ATO form** at ngssuper.com.au/keepsuper

You can seek financial advice when making decisions about your super.

Getting advice on your NGS Super account is easy. Whether it's a simple check in to understand your options or comprehensive advice for you and your family, we have you covered. Contact us on **1300 133 177** to make an appointment or learn more at ngssuper.com.au/advice

¹ You must be aged 60-64 to open an NGS Transition to retirement account. To open an NGS Income account you must be at least age 65 or meet another condition of release. Eligibility details can be found in the **NGS Retirement Product Disclosure Statement** available at ngssuper.com.au/pds

4. Risks of super

Like all investments, super is exposed to some risk, meaning the value of your account can go up and down. Your level of risk will be influenced by factors such as your age, how long you have to invest (your investment timeframe), your risk tolerance, and any other investments you have.

Risks of investing in super

- Investment values will vary.
- Level of returns will vary, and future returns may differ from past returns.
- Returns are not guaranteed, and you may lose some of your money.
- Super laws may change in the future.
- No guarantee that your super savings in retirement will be enough to adequately provide for your retirement.

To help you manage your investment risk, we offer a range of investment options with different risk levels.

Investment option considerations

- Investment options range from single asset classes (sector-specific) to multiple asset classes (pre-mixed).
- Investing over multiple asset classes may help diversify risk.
- Each investment option carries different levels of risk, depending on the assets within that option.
- Generally, investment options with the highest returns over the long term carry the highest level of risk over the short term and vice versa.

You should read the important information about the risks of super before making a decision.

Go to the **Investment guide** at ngssuper.com.au/pds The material relating to the risks of super may change between the time you read this PDS and the day you acquire the product.

5. How we invest your money

Investment options to suit everyone

When you open an NGS Accumulation account, your money will be placed in our default MySuper investment option Diversified (MySuper) unless you let us know how you would like to invest it.

If you want a more active role in your investment decisions, you have the flexibility of choosing from a number of investment options or a combination of options.

Before selecting an investment option, you must consider the likely investment return, the risks and your investment timeframe.

Investment type	Investment options	
Pre-mixed options have different asset classes with varying exposure to each	• Diversified (MySuper)	• Balanced
	• Growth Plus	• Defensive
Sector-specific options have pure asset classes	• Growth	• Indexed Diversified
	• Australian Shares	• Property
	• International Shares	• Diversified Bonds
	• Infrastructure	• Cash and Term Deposits

From time to time we may change our investment options (including our MySuper option), for example a change to strategic asset allocation or investment objective. We may also add to or close our investment options. We'll notify you of any significant change.

6. Fees and costs

Consumer advisory warning

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.⁴

To find out more

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

You can use the Moneysmart calculator at [moneysmart.gov.au](https://www.moneysmart.gov.au) to calculate the effect of fees and costs on your account balance.

Fees and other costs

This section shows fees and other costs that you may be charged for the NGS Accumulation account. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of NGS Super as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees (premiums), may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you.

Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

The fees and other costs for each investment option offered in the NGS Accumulation account are set out in the **Fees, costs and tax guide** at ngssuper.com.au/pds

⁴ This statement is required by law. We do not negotiate fees and costs with members or employers.

You can use this summary to compare costs between different superannuation products.

Transaction costs⁹	0.04% p.a. of the option's assets (estimated)	Deducted from investment earnings before the unit price is determined. It is not a direct charge to your account.
Member activity related fees and costs		
Buy-sell spread	Nil	N/A
Switching fee	Nil	N/A
Other fees and costs¹⁰	Various, depending on insurance cover you have or personal advice you obtain.	Insurance fees are deducted from insured members' accounts each month in arrears. Personal advice fees are deducted from members' accounts where permitted and agreed.

5 If your account balance in NGS Accumulation is less than \$6,000 at the end of our income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. We must refund any amount charged in excess of that cap.

6 The 0.17% administration fee is not charged on the amount of your account balance in excess of \$575,000. Where you have multiple accounts and the percentage based administration fee deducted from all your NGS accounts at the end of the financial year is greater than \$977.50, a fee rebate will be credited to your accounts. This rebate will only be provided if you are a member of NGS at the time the rebate is credited and will be apportioned based on the balances of each account.

7 This is the amount calculated for the 2025-26 financial year. The actual amount will change from year to year and may vary from the amount shown.

8 Investment fees and costs includes an amount of 0.16% for performance fees for the Diversified (MySuper) investment option. The calculation basis for this amount is set out under 'Additional explanation of fees and costs' available in the **Fees, costs and tax guide** available at ngssuper.com.au/pds

9 The cost component of Investment fees and costs and Transaction costs are based on actual costs incurred in the 2025-26 financial year.

10 Refer to section 8 of this PDS and to our **Insurance guide** at ngssuper.com.au/pds for details of insurance fees (premiums). Refer to the **Additional information on fees and costs** section of this PDS for details about personal advice fees.

Example of annual fees and costs

This table gives an example of how the ongoing annual fees and costs for the NGS Accumulation Diversified (MySuper) investment option can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE – Diversified (MySuper) investment option

Balance of \$50,000		
Administration fees and costs	\$65 p.a. plus 0.17% p.a. of your account balance plus 0.04% p.a. paid from the Fund reserves, not your account. plus Investment fees and costs	0.72% p.a.	And, you will be charged or have deducted from your investment \$360 in investment fees and costs.
plus Transaction costs	0.04% p.a.	And, you will be charged or have deducted from your investment \$20 in transaction costs.

Note: Additional fees may apply. See our **Fees, costs and tax guide** for more information. The percentage-based administration fee (which is \$85 for every \$50,000 you have in this investment option) is capped for account balances above \$575,000. This example assumes no insurance. If insurance cover is taken, insurance fees (premiums) will apply. For more information, refer to the **Insurance guide** at ngssuper.com.au/pds

Additional information about fees and costs

We can provide you with advice about your NGS Super account (also known as intra-fund advice) at no separate charge to you. The cost of providing this service is covered by the Administration fees and costs.

For personal advice that exceeds the limitations of intra-fund advice, a fee will apply. The fee will vary depending on the complexity of the advice and must be agreed upon with your adviser before the advice is provided. You may choose to have this fee deducted from your NGS Super account for any advice that relates to your benefits in NGS Super.

For more information, call us on **1300 133 177** or visit ngssuper.com.au/advice

7. How super is taxed

A tax-effective super system

Super can be a tax-effective way of saving for your retirement. Tax may be payable on some contributions and withdrawals. If so, we'll deduct it and pay it directly to the Australian Taxation Office (ATO). Any withdrawals you make once you turn 60 are tax free.

Investment earnings associated with your NGS Accumulation account are generally taxed at 15%. An allowance for investment earnings tax (where applicable) is deducted from investment income and included in the calculation of unit prices. The table shows the amount of tax you may pay on contributions, earnings and withdrawals you make to and from your account with us. For more information see our **Fees, costs and tax guide** at ngssuper.com.au/pds

Accumulation account – tax payable

There are limits (caps) on the amount you can contribute to your super before higher tax penalties apply.

You should read the important information about how super is taxed before making a decision. Go to the **Fees, costs and tax guide** at ngssuper.com.au/pds. The material relating to how super is taxed may change between the time you read this statement and the day you acquire the product.

If you don't provide us with your **Tax File Number (TFN)** we won't be able to accept any after-tax contributions and you'll be taxed at the highest marginal tax rate on your before-tax contributions and any withdrawals from your account. Log in to **Member Online** to provide your TFN or download a **Providing your tax file number form** available at ngssuper.com.au/forms

8. Insurance in your super

Protection built for real life

Insurance can provide you and your loved ones with financial assistance when you need it most:

- if **Illness*** or **Injury** prevents you from working
- if you become **Terminally Ill**
- in the event of your death.

Default Cover

Default Cover is a needs-based insurance package which includes 3 types of cover:

- Life
- Total and Permanent Disablement (TPD)
- Income Protection (IP).

You may become automatically eligible for **Default Cover** once:

- your account balance has reached at least \$6,000 and
- you are aged at least 25 years

unless you have made a valid election about cover.

Default Cover will generally start when we receive your **First Employer Contribution** after you meet the above conditions.

If you'd like **Default Cover** earlier, you can apply within 120 days of the **Date of the Welcome Letter** in **Member Online** or by completing our **Insurance – new member options form**

There are circumstances when the **Default Cover** provided when you become eligible may have restrictions which include **Limited Cover** conditions. You can find more information about **Limited Cover** in the **Insurance guide**.

If you're not eligible to receive our **Default Cover**, you can apply for insurance cover. You'll need to provide health details and your application will be assessed by our insurer.

Insurance premiums are automatically deducted in arrears from your NGS Super Accumulation account each month. The cost of your premiums depends on you:

- insurance category
- age (at your last birthday)
- amount of cover
- type of cover
- gender (for non-default Income Protection cover options).

Varying your cover

When you have insurance cover, you can apply:

Please tick the option that applies to you:

☐ Yes – my current employer **will** make contributions to NGS Super on my behalf.

If yes, you may be eligible for **Default Cover** insurance. Please proceed to Step 4.

☐ No – I **will not** have employer contributions paid to my NGS Accumulation account.

If no, you are joining as a personal member. As a personal member, you are not eligible for **Default Cover** until employer contributions are paid into your NGS Accumulation account. You can apply for cover now by completing an **Insurance – Increase cover form** available at ngssuper.com.au/forms. Please proceed to Step 5.

Step 4. Default Cover for Life, TPD and Income Protection cover

If you answered yes in Step 3 and are already an existing member of NGS Super, you will not be eligible for Default Cover if:

- you currently have an existing NGS Accumulation account (i.e. you are opening a second Accumulation account) or
- your Accumulation account is established due to a transfer of funds from an existing NGS Income account or NGS Transition to retirement account (regardless of whether you will have an employer that will commence making contributions to NGS Super on your behalf).

You can apply for cover by logging into your **Member Online** account or by completing an **Insurance – Increase cover form** at ngssuper.com.au/forms

4.1: Default Cover insurance and your insurance

You will be eligible for **Default Cover*** once:

- your account balance has reached at least \$6,000 and
- you are aged at least 25 years.

Default Cover will commence on receipt of your **First Employer Contribution** after you are eligible.

Eligible members will automatically receive **Default Cover** for:

- Life insurance through to age 75 if joining NGS Super prior to age 70
- Income Protection if under age 67 and
- Total and Permanent Disablement (TPD) cover if under age 65.

The **Default Cover** is initially based on your employer's insurance category of either NGS Plus or NGS General. Your sum insured amount is based on your age.

* Eligibility for **Default Cover** is subject to the terms and conditions in the Insurance Policy.

Further details can be found in the **Insurance guide** at ngssuper.com.au/pds

Insurance category

To assist in allocating the correct insurance category for you, please answer the following questions.

Are you employed by either:

- a school, a kindergarten, a P&C Association, or other body which provides education as its primary function or
- a credit union, bank or other employer in the finance sector?

☐ Yes ☐ No

Are the duties of your occupation limited to professional, managerial, teaching, administrative, clerical, secretarial or similar 'white collar' tasks which do not involve manual work and are undertaken entirely (or at least 80%) within an office environment or classroom (excluding workshops)?

☐ Yes ☐ No

Is your annual base salary (excluding super) over \$100,000?

☐ Yes ☐ No

Annual Base Salary includes the salary or wage as well as any overtime, bonuses and shift allowances. If you are self-employed or not permanently employed please refer to the definition of income used for self-employed Income Protection, as set out in the **Insurance guide**. Please refer to the **Insurance guide** at ngssuper.com.au/pds for further information on the default insurance category.

Step 5. Choose your investment options

Take control of how your super is invested

You can choose one or more investment options. Please ensure the total adds to 100%.

If you don't make a selection or your total selection does not add up to exactly 100%, we will invest your account balance in the default option which is the **Diversified (MySuper)** option.

For more detailed information about each investment option, go to ngssuper.com.au/performance

I'd like to invest in the following:

Percentage to be invested	Pre-mixed options
%	Diversified (MySuper) – default investment option
%	Growth Plus
%	Growth
%	Balanced
%	Defensive
%	Indexed Diversified
Sector-specific options	
%	Australian Shares
%	International Shares
%	Infrastructure
%	Property
%	Diversified Bonds
%	Cash and Term Deposits
%	
1 0 0 %	TOTAL

Step 6. Nominate your beneficiaries

If you die while there is money in your account, this money will be paid out to your spouse (legal or de facto), dependants or estate. The money to be paid out could include a substantial insurance benefit. Our fact sheet **Nominate your beneficiaries** at ngssuper.com.au/pds has more information about making your nomination/s.

You have the option of:

- (1) making a **non-binding nomination** by completing this section below or
- (2) making a **binding nomination (lapsing or non-lapsing)** by completing a **Death benefit nomination form** available at ngssuper.com.au/forms and sending it to us.

Alternatively, once your account is opened you may add or update a beneficiary by logging into **Member Online** at member.ngssuper.com.au

If you make a valid binding nomination, the trustee has no discretion to decide who is to receive your death benefit and it must be paid to your nominated beneficiaries. If you do not make a valid binding death benefit nomination, the trustee will determine to which of your dependants and/or your estate the benefit will be paid. Your nomination of beneficiaries however will be taken into account if we hold a completed form when we make our determination. For more details, refer to our fact sheet **Nominate your beneficiaries** at ngssuper.com.au/pds

Non-binding nomination

I direct the trustee of NGS Super to distribute my death benefit to the following people in the proportions shown below, in the event of my death (please attach an additional page if you wish to nominate more than four beneficiaries).

Step 6. (continued)

Nominating certain family members

Your parents and your brothers or sisters can only be validly nominated as beneficiaries if they are dependants – that is, if they are financially dependent on you or if you are in an interdependent relationship with them.

If your family members are not dependants and there are no other people who are dependent on you, you should tick 'Legal personal representative (Estate)'. You can provide instructions in your will for how you would want your super money to be paid in the event of your death.

☐ Legal personal representative (Estate) Percentage of benefit

☐ My dependant/s. If you make this selection, please provide full details below.

Step 7. Provide your tax file number

Don't pay more tax than you have to – let us know your tax file number.

Your tax file number (TFN) is confidential and you don't have to provide it to us. It's not an offence if you don't provide your TFN, however this may mean that you'll pay more tax on your super benefit.

My tax file number is: – –

Note: The trustee is required by law to ask for your TFN. By providing your TFN, you're allowing the trustee to use it to:

- find or identify your super when there's no other way
- work out any tax payable
- pass it to the tax office when you receive your super payout or have unclaimed super money after reaching pension age
- pass it to any other super fund or account to which your super is transferred in the future, unless you tell us in writing not to do so
- report details of contributions to the tax office for working out whether any tax is applicable if contributions for you exceed certain limits and
- where required by law, pass it to other government agencies.

If you don't provide your TFN, now or later:

- You may pay more tax on contributions made by your employer and certain other contributions made by or for you. In some circumstances, you may be able to claim this back, however time limits and other rules may apply.
- We will only be able to accept contributions made for you by your employer. No other contributions, for example, after-tax contributions, can be accepted.
- You may pay more tax on your super benefit than you would otherwise (although you can claim this back when you lodge your tax return).
- It may be more difficult to find your super in the future if you change your address without notifying us or if you roll over any other super accounts you may have.

The legal purposes for which we can use your TFN and the consequences for not quoting it may change in the future.

Step 8. Consolidating your super

Keeping your super money together in the one Fund

If you have recently changed employers and have a super account with your former employer's fund or if you have any existing super accounts held with other funds, you can roll these over into your account by completing the **Transfer authority form** or by logging into **Member Online** at member.ngssuper.com.au

Consolidating your super means you can track your super easily, therefore saving you time. You may also avoid paying extra fees which you may be charged by having multiple super accounts. Before consolidating, you should consider all the implications - including whether you'll lose any insurance cover with your old fund. Find out more at ngssuper.com.au/consolidate

If you are unsure if you have other super, you can check through the ATO online services at my.gov.au. You can authorise us to use your TFN to perform a search for you.

- ☐ **I give** NGS Super my authority to use my TFN (as supplied in Step 7 of this form) to search for any other super in my name.
- ☐ **I do not give** NGS Super my authority to use my TFN (as supplied in Step 7 of this form) to search for any other super in my name.

Step 9. Declaration

By signing this form I:

declare that

- I have read and understood the attached **Product Disclosure Statement** and
- all the information I have provided is true and correct

acknowledge that

- I have received all the information I require to exercise the choices I have made
- I will be bound by the provisions of NGS Super's trust deed and rules
- if I've provided my email address in this application form the trustee may, at its discretion, use that email address to send information, including any annual reports, member and exit statements and notices of any material changes or the occurrence of significant events, by electronic means and
- I have been informed where to find the **Target Market Determination**

consent to

- my personal information being collected, disclosed and used as described in the **Privacy Collection Statement** available at ngssuper.com.au/pcs

Step 3. Proof of identity

For transfers between super funds, your previous fund will verify your identification (ID) with the Australian Taxation Office (ATO). If the information held by your previous fund cannot be matched with the details held by the ATO, your previous fund may require you to provide certified proof of ID before they can complete your transfer to NGS Super.

Your tax file number (TFN) is required for identification purposes. Under super law, you are not obliged to disclose your TFN, but there may be tax consequences if you don't (please refer below for details).

My TFN is: - -

If you do not provide your TFN:

This includes disclosing it to another super fund when we're arranging a transfer of funds for you. However, you may request in writing that your TFN not be disclosed to any other trustee.

If you do not wish to provide your TFN then you will need to check with your previous fund to determine if you are required to provide certified ID. If you have more than one rollover, you will need to check the requirements with each of your previous super funds.

Step 4. Sign the form

By signing this form I am:
