Your partner in super

NGS Super is an industry super fund run solely to benefit our members. Everything we do is focused on helping you and your staff make the most of their super and build a stronger financial future.

NGS Super has been supporting people with their super for over 35 years. We understand that every member has unique needs and circumstances. Our commitment is to deliver genuine value through strong, market-resilient performance, competitive fees, and flexible investment options designed to move with our members through every stage of life.

We're proud to offer high-quality, affordable insurance that gives you and your staff peace of mind when it matters most.

When you partner with NGS Super, you gain access to a comprehensive package of benefits that many other funds don't offer. This includes a workplace financial wellness program featuring personal education sessions, dedicated support from Super Specialists, a wealth of

information resources, and access to advice services and webinars tailored to different life stages.

Help with your super obligations

NGS Super supports employers with practical resources and regular legislative and Fund updates, helping you stay informed and compliant with your super obligations.

Administration service

We make super administration simple by providing a free Payroll Clearing House to help you process employee contributions efficiently. Our dedicated support team is available to assist your Payroll and HR teams, making it easier to manage super requirements on behalf of your staff.

When you choose NGS as your partner in super, your staff can expect:

Strong performance

Strong performance matters. That's why we're focused on delivering strong, market-resilient results for our members*.

We carefully manage risk to capture opportunities in good times and provide stability when markets are volatile, all managed by an experienced team working behind the scenes.

Competitive fees

NGS Super keeps fees competitive[^], so more of your money stays invested for your future. Our fees deliver real value without compromising on performance, service, or choice.

Award-winning service

Financial advice that fits your life stage. Whether you need quick guidance or more tailored support, we offer a range of options to help our members feel confident in making financial decisions at any life stage.

Our dedicated Super Specialists offer complimentary one-on-one chats and workplace education sessions for groups and individuals, members and non-members alike.

NGS Super also offers a tiered advice service provided by licensed financial planners – from no-extra cost general and simple personal advice through to comprehensive paid personal advice tailored to your goals.

Investment options

We offer a range of investment options to suit different life stages and risk appetites, with flexible solutions that move with your staff's changing needs.

Community values

NGS Super supports innovation and leadership in schools and the community through awards and programs that recognise excellence, as well as partnerships and associations across the education and community sectors.

*Past performance is not a reliable indicator of future performance.

High quality insurance cover

We've partnered with TAL, one of Australia's leading insurers, to provide Life, Total and Permanent Disablement, and Income Protection cover to support your staff when they need it most.

At NGS Super, our insurance is about more than just competitive cover – it's about providing genuine care and support when it matters most. If one of your staff members needs to make a claim, they'll be assigned a dedicated case manager who will guide them through the process every step of the way.

Hassle-free premiums

Insurance premiums are automatically deducted from your staff's super accounts – not their take-home pay. Because money in super is taxed at just 15%, paying for insurance through super is a tax-effective way for your staff to stay protected.

Affordable protection

Our insurance cover is both reliable and affordable. And because premiums are deducted from super, your staff don't need to worry about an impact on their take home pay.

Committed to health and wellbeing

Our partnership with TAL gives employers access to a range of health and wellbeing tools and resources for your employees.

Support for you

- An employee claims process.
- Wellbeing communications and education.
- Tools and resources like Headlight and Health Connector supporting a holistic approach to health and wellbeing.

Support for staff

- Education about the value of insurance.
- Tools and services that support a holistic approach to health and wellbeing.
- Return to work support following an insurance claim.

Investment choice

We understand that your staff will have different financial goals when it comes to their super savings, which is why we offer a range of investment options.

If your staff don't make an investment choice, their super will automatically be placed in our competitive Diversified (MySuper) investment option. This option aims to achieve a net return of 3% p.a. above the consumer price index (CPI) over rolling 10-year periods (after tax and investment expenses). For those who want more control, NGS Super offers a range of pre-mixed and sector-specific investment options to suit different life stages and risk appetites.

If your staff want to play a more active role in their investment decisions, we offer a range of pre-mixed and sector-specific investment options to choose from.
