

Step 2. Choose your investment options

(Select an option)

I elect to change my investment options¹ as detailed below. My change is to apply to:

- My current super account
- My future contributions and future transfers (with this option, your balance remains in your current investment option/s)
- Both of the above

¹ Please note that your instructions will apply to that part of your account invested in either NGS Super's *pre-mixed* or *sector-specific* investment options. Switching investments within the NGS Self-Managed option is only available through your *Member Online* account at ngssuper.com.au/login.

If you do not nominate any of the above options, your investment switch will apply to both your current super account and your future contributions and any transfers.

You can choose one or more investment options in any percentage. Please ensure that the total adds to 100% otherwise this form will not be processed and your investment allocations will remain unchanged. Alternatively, you can make online changes through your secure *Member Online* account at ngssuper.com.au/login.

For members who do not make an investment choice, the default investment option is the Diversified (MySuper) option.

Tailored option:

NGS Self-Managed

This option is only for members who will accept responsibility for their own investment decisions. NGS Self-Managed is available through your *Member Online* account at www.ngssuper.com.au (select the 'Login' tab at the top of the home page).

This product includes a choice of ASX-listed companies, exchange traded funds (ETFs) and term deposits. For details about the NGS Self-Managed direct investment gateway please refer to the *NGS Self-Managed Guide* available at ngssuper.com.au/PDS.

Step 3. Sign the form

By signing this form I understand that:

- I have received sufficient information from the Trustee to understand the effect of and any risks involved in the above investment choice and the Fund has no liability for my selection
- the performance of investment markets is unpredictable, and may receive a negative return from time to time
- for any change to be effective, my form must be completed and received by 5 pm (AEST/AEDT) on the last business day of the week. I understand that any switch made to my existing account will be processed using the unit price determined on the close of business Friday (of the week in which the switch request was received). I understand that if I change my future contributions investment strategy any amounts coming into my account will go into my new option(s) from the week after my switch request is received
- the Trustee's administrator will not action my request if the information is incomplete or ambiguous
- the first switch I make to my existing account balance in any financial year will be free and I will be charged a switch fee for each additional switch made. There is no charge for changes made to my future contributions investment strategy
- the onus is on me to ensure the Fund's receipt of my *Investment switching* form
- in the event that I have selected a combination of investment options, the initial percentage allocated to each investment option will move over time due to factors such as market movements and it is my responsibility to monitor and rebalance the percentages in each option over time
- the information on this form will be handled by the Trustee to process my investment option choice

I consent to my personal information being collected, disclosed and used as described in the Privacy Collection Statement.
