NGS Self-Managed

This option is only for members who will accept responsibility for their own investment decisions. NGS Self-Managed is available through your *Member Online* account at ngssuper.com.au/login. This product includes a choice of ASX-listed companies, exchange traded funds (ETFs) and term deposits. For details about the NGS Self-Managed direct investment gateway please refer to the *NGS Self-Managed Guide* available at ngssuper.com.au/PDS.

Step 3. Choose your investment options for your income payments

Option 1: Equal percentage drawdown

Please make payments in the same proportions as my account balance.

If you wish to make a drawdown from nominated investments or a priority election, please choose either Option 2 or Option 3, but not both.

If you do not complete this section of the form, payments will be drawn in the same proportions as your account balance.

Option 2: Nominated percentage drawdown

You can choose to have your payments made from one or more of the pre-mixed or sector-specific investment options you have chosen above for your account balance. For example, if your account is invested in 80% Diversified (MySuper) and 20% Balanced, you could choose to have your payments made from the Balanced option only. To make this choice, you would write '100' in the percentage column opposite 'Balanced' in the table below.

Once there's no longer enough money in your chosen option(s), payments will automatically be deducted from the account balance invested in your other option(s). You'll be notified at the time, and you can adjust your investment choice accordingly.

Pre-mixed options:	Percentage to be withdrawn
Defensive	<input type="text"/> <input type="text"/> <input type="text"/> %
Balanced	<input type="text"/> <input type="text"/> <input type="text"/> %
Socially Responsible Diversified	<input type="text"/> <input type="text"/> <input type="text"/> %
Diversified (MySuper) – default investment option	<input type="text"/> <input type="text"/> <input type="text"/> %
Indexed Growth	<input type="text"/> <input type="text"/> <input type="text"/> %
High Growth	<input type="text"/> <input type="text"/> <input type="text"/> %
Shares Plus	<input type="text"/> <input type="text"/> <input type="text"/> %
Sector-Specific options:	
Cash & Term Deposits	<input type="text"/> <input type="text"/> <input type="text"/> %
Diversified Bonds	<input type="text"/> <input type="text"/> <input type="text"/> %
Property	<input type="text"/> <input type="text"/> <input type="text"/> %
Australian Shares	<input type="text"/> <input type="text"/> <input type="text"/> %
International Shares	<input type="text"/> <input type="text"/> <input type="text"/> %
TOTAL	1 0 0 %

Option 3: Priority drawdown

You can choose the pre-mixed and sector-specific investment options from which payments are drawn by electing a drawdown order. Payments will only be drawn from one investment option at a time. After your first nominated investment option is depleted, payments will then be drawn from your next nominated option until this has been depleted and will continue down your drawdown order. For example, if your account balance is invested in 50% Diversified (MySuper), 25% Balanced and 25% High Growth you could choose to have your payments drawn down in the order of 1. Balanced, 2. High Growth and 3. Diversified (MySuper).

Drawdown order (number 1, 2 etc as required):

Pre-mixed options:

- Defensive
- Balanced
- Socially Responsible Diversified
- Diversified (MySuper) – default
- Indexed Growth
- High Growth
- Shares Plus

Sector-Specific options:

- Cash & Term Deposits
- Diversified Bonds
- Property
- International Shares

If in the future you change your investment options, the above instruction will become invalid and cease to apply. You can provide a new priority drawdown instruction at any time.

Step 4. Sign the form

By signing this form I understand that:

- I have received sufficient information from the Trustee to understand the effect of and any risks involved in the above investment choice and the Fund has no liability for my selection
- the performance of investment markets is unpredictable, and acknowledge I may receive a negative return from time to time
- for any change to be effective, my form must be completed and received by 5 pm (AEST/AEDT) on the last business day of the week. I understand that any switch made to my existing account will be processed using the unit price determined on the close of business Friday (of the week in which the switch request was received).
- the Trustee's administrator will not action my request if the information is incomplete or ambiguous
- the first switch I make to my existing account balance in any financial year will be free and I will be charged a switch fee for each additional switch made. There is no charge for changes made to my future income payments investment strategy
- the onus is on myself to ensure the Fund's receipt of my *Investment switching form*.
- in the event that I have selected a combination of investment options, the initial percentage allocated to each investment option will move over time due to factors such as market movements and it is my responsibility to monitor and rebalance the percentages in each option over time
- future changes to my *Income account* investment options will result in any existing priority drawdown instruction becoming invalid.
- the information on this form will be handled by the Trustee to process my investment option choice

I consent to my personal information being collected, disclosed and used as described in the Privacy Collection Statement.
